SPARK™ CORDLESS HEADLIGHT

The Spark is a self-contained cordless headlight that integrates with virtually any loupe or eyewear frame style. Featuring an innovative, patent-pending design, the Spark dispenses weight evenly across the bridge of a frame minimizing concentrated facial pressure.

UNIFORM SPOT
A precise focused light provides enhanced visibility during procedures

CONSTANT CURRENT TECHNOLOGY
Brightness will not diminish over the run-time of the battery pack

ADVANCED CAPACITIVE TOUCH CONTROLS
Power light on and off with ease in between procedures and patient consultations

VERSATILE POWER CHARGER
A micro USB charger offers added convenience for charging on the go
